

1 Introduction

Today is 20211211, and I deciede to note down all of my knowledge about physics in this notebook. Actually we think for a while whether to seperatre the knowledge into different documents.

2 Space

2.1 Operation Defination

2.1.1 Element

The free fall ball ends at $[1 - |(\mu k)^{-1} \pmod 2 - 1|]kH$
